Job Announcement

Job Title: Facilities Manager Apprentice (w/expectation to take over Facilities Manager role)
Job Type: Full-Time, 12-Month
Department: Operations
Reports to: Business Manager and Facilities Manager
Hours: Full-Time
Salary: Commensurate with educational background and experience

Position Overview

The Facilities Manager Apprentice is a multi-skilled individual who will strive to take ownership of the beautification, functionality and safety of our expanding campus and who enjoys a variety of tasks in a collaborative and active learning environment. The employee will spend a year shadowing the current Facilities manager to receive extensive training to prepare to step into the Facilities Manager role. Facilities management includes receiving and triaging facilities requests; proactively addressing school safety issues; managing facilities support staff and vendors; maintaining inventory of school property such as chairs, tables, desks, and equipment; setup and breakdown of sound/AV for daily school events and special events; and being a possible point of contact for IT help of school employees.

Essential Functions:

- Planning and coordinating all installations and refurbishments
- Being the liaison between facilities support staff and vendors
- Managing the upkeep of equipment and supplies to meet health and safety standards
- Inspecting buildings' structures to determine the need for repairs or renovations
- Review utilities consumption and strive to minimize costs
- Control activities like parking space allocations, waste disposal, building security etc.
- Handle insurance plans and service contracts
- Help set up and take down for school events
- Management of the wireless thermostat system
- Proactively address school safety issues
- Taking inventory of tables, chairs, equipment and ordering more as needed
- Setup and breakdown of sound/AV for daily school events and special events

Qualifications and Skills:

- Bachelor's degree preferred.
- 3+ years' experience in facilities management position
- Strong understanding of building control systems
- Able to read and understand complex electrical, mechanical and automation systems
- Working knowledge of electrical, mechanical and HVAC systems
- Demonstrated leadership skills
- Impeccable verbal and written communication skills

- Excellent time and project management skills.
- IT knowledge preferred, but not required
